

Burimi i Jetes (Life Spring) is an Albanian/American led church-plant in the city of Elbasan, Albania. Out of a desire to make the church-plant financially sustainable and to reach out into our community, we have started a language center. As many Albanians are seeking to develop marketable job skills, the demand for English and German courses is high. Our center has given us the chance to form relationships with students and parents, and has opened up many opportunities to share the gospel. Currently we are offering English courses, but increasingly we have had requests for German classes.

Seeing this open door, we are looking for a native speaking German to join our ministry team. This person would first and foremost be a light for Christ in our neighborhood and church. They must be passionate about evangelism and discipleship, willing to work and serve with humility and generosity. In addition to a heart for ministry, we are looking for someone with some teaching experience to teach introductory (A1, A2) German courses, willing to commit to teach for a school year, running from September to June. They must speak English fluently as well, as it would be the common language of our team.

This ministry partner will need to raise their own support for the school year, as the language center will not be able to pay a salary. However, the financial burden of this should be minimal, as simple but free onsite housing is available.

If you are interested in exploring how you might fit in our team, please contact Sean Carney at [sdcap7@gmail.com](mailto:sdcap7@gmail.com).
